Class Fee: \$25
(Dave's BERNINA)

Test drive a serger! Many people are intimidated by three things: sergers, sewing clothing and adjusting their own patterns. It's not as scary as it seems! This pattern is perfect as a baseline to use when altering measurements to achieve the perfect fit. In addition, BERNINA is letting you take their serger for a test drive to quickly sew your newly altered pattern. In this class, we will begin by teaching you how to alter your T-shirt for better fitting. We will teach you how to mix and match different sizes to make a shirt custom-shaped for you. (No one is a perfect size.) Then you will get to experience just how fast sewing with a serger really can be.

“How Do I Quilt It?”

with Christa Watson

Trunk Show/Lecture at Dave’s BERNINA

Workshop at The Roost, 1075 S. 950 E. • St. George

Cost: \$99 (includes workshop and the trunk show/lecture)

\$25 lecture/Trunk Show only

CHRISTA WATSON IS COMING BACK!

If you haven’t met Christa, you are missing out! With her fun, bubbly personality and her amazing talent for quilting on a domestic sewing machine, you’ll for sure have the time of your life and go away with so much knowledge on quilting.

TRUNKSHOW/LECTURE

Most quilters understand how important it is to practice machine-quilting designs on small fabric samples, but they often have trouble applying those designs to an actual quilt. In this informative lecture, Christa Watson will share her secrets for machine-quilting success including adequate basting, choosing the right thread colors, thinking about how to divide and conquer each task, and learning how to create rich texture with little to no marking of the quilt.

Christa will also teach you how to make a quilting plan so you can figure out the best path around the quilt with the fewest stops and starts. Once you see how easy and stress-free her methods can be, you’ll feel empowered to quilt your own quilts.

WALKING FOOT WONDERS AND FREE MOTION FAVORITES WORKSHOP

Take your quilts to the next level by adding depth and dimension to your designs. The secret is learning to let go of perfection by creating asymmetrical textures that require little to no marking of the quilt.

Unleash the potential of your domestic machine by utilizing both free-motion quilting and walking foot techniques (using the BERNINA dual feed if desired). Practice on pre-basted fabric and batting samples, or use up leftover quilt blocks. This workshop will last six hours (plus a lunch break).
