

What's the Rule?

Q: After a snow storm, how long do I have before I need to move my vehicle off the street?

A: In Brigham City it is unlawful to park or leave any vehicle on the street anytime snow removal is taking place. Essentially, if the weather prediction is that a snow storm is coming, please move your vehicles off the street.

Q: What if my neighbor leaves their vehicle out in the street? Can I call and report that?

A: Yes, you can call the non-emergency dispatch line and make a report, however, our plow drivers do pay attention to what vehicles are left for periods of time and report them to the Police Department.

Q: What can happen if I leave my vehicle out at the curb?

A: The vehicle can be towed at the owner's expense and/or the owner cited for failure to comply with the ordinance.

More importantly, the plow drivers cannot do the best snow removal job when they have to swing out to miss cars at the curb.

Mayor's Message-Winter

I can hardly believe it is 2020! Who else thought we would be flying in our cars and teleporting to distant exotic destinations by now?

2020 seems like a great year to think about vision. The vision we want for our City and the vision you have for each of your own lives. Without a vision nothing will be accomplished for the generations that come after us.

I love Brigham City and the people who call our City home. Hope you have a blessed and productive New Year.

There are almost as many definitions of **economic development** as there are people who use the term. That's because each community is different, with unique strengths, weaknesses, opportunities, and threats, and differing needs. In Brigham City, economic development efforts include infrastructure improvements to provide the basic needs of all businesses for water, waste treatment, electricity, telecommunications, and transportation. It includes downtown revitalization efforts, industrial expansion and retention, recruitment of new industries and businesses, quality of life improvements and public safety services that make Brigham City a desirable place to live. Brigham City cooperates with the State of Utah, Box Elder County, the Economic Development Corporation of Utah, and other partners to promote our community and our region as a desirable place to do business. These efforts have paid off with successful efforts such as Nucor Building Systems, Niagara Bottling, and many others

Upcoming Items of Interest

Compost Site Opens March 14th for product sales

Cemetery Clean Up begins March 23rd

Spring Cleanup will begin Monday, April 06, 2020. Residents may place their trash can out THE DAY AFTER THEIR NORMAL WASTE COLLECTION to receive an extra pickup during the week. THE LAST DAY of the double pickup will be Friday April 24, 2020. Following this date green garbage cans will be greenwaste only.

City Pride Clean Up is scheduled from March 28th through April 5th. This Brigham City residents only event allows the community to dispose of items that may be too large to put in their residential containers. More information regarding this will be posted in the local newspaper, email blasted and posted to Facebook.

Looking Toward Spring

Thankfully, winter does not last forever (even though it may seem like it). Spring is around the corner, which will soon be followed by summer. With that in mind, citizens should be aware that reservations for use of the park pavilions and the pool will begin on the first Monday in February at 8am. Reservations may be made online at brighamcity.utah.gov and going to the "I Want To" tab. In the alternative, reservations for use of pavilions can be made in person at the Public Works office located at 980 West Forest Street and/or pool reservations may be made in person at the Recreation office located at 641 East 200 North.
