Mr. Morgan administered the oath of office to Tyler Vincent as Mayor, and Thomas Peterson and DJ Bott as councilmembers.

Councilmember Peterson thanked the citizens of Brigham City. He will do his best to represent everyone to do what is in the best interest of the community. He is excited to continue to work with City staff. The City has great staff. Just recently, Officer Nathan Rackham received the Beyond the Badge award. He thanked the police officers for going above and beyond. All of the City staff takes pride in what they do and the level of services they provide to the citizens.

Councilmember Bott agreed with Councilmember Peterson's sentiment regarding this community. To him, it's not just a place to work; it's a place to live, a place to raise his family, and help get his family raised. After serving on the Council for four years, he feels a swell of pride when potholes are fixed, and other improvements to the City, such as the two new stoplights on 500 West. He has enjoyed working with the City Council and the Mayor. There are times when they don't get along, which indicates they are all able to speak their minds and talk openly. But then they can move on and still be friends. He thanked his wife and family, they are a great support.

The Mayor thanked his wife for the great support she has been in his life. He thanked his parents and his in-laws. He expressed appreciation to City staff and all they do for the citizens of Brigham. This community has many amenities. We have the best Police Department in the nation. The City's roads, electrical system, parks, water and sewer, recreation that make residents' lives better and easier. One of the greatest things about living in this country is that citizens are able to vote and choose who they want to serve. He expressed appreciation to the City Council for their hard work. They look at each other's view and then make decisions that help all people. He felt that in the last

four years the community has moved forward with great strides. He hoped that the Council, along with staff and the community, can continue to move the City forward in a positive direction.

The meeting adjourned at 12:17 PM.
