

Mayor's Message

This will be my final message as Mayor of Brigham City. It has been my pleasure to serve you all. I really appreciate our citizens and their support. The past two years have been very trying with Covid and the presidential election. Our country is in turmoil and tempers are high, but we, here in our little town, are kind and accepting of each other. As all this goes on around us, I am grateful we live here and it warms my heart to see how kind we are to each other. I have great memories of the last 12 years. Many great things have come to pass in our City and would not have happened without our wonderful staff, City Council and community support. As we all work together, it helps make our City a great place to live and we can accomplish great things. I have great hopes for our City, and I believe the next administration will continue the positive direction. Brigham City is "YOU". Serve where you can.

Again, thank you and may God bless us all.

What's the Rule?

How long can I park my trailer on the street?

No longer than 72 hours.

Can I leave my garbage can out at the curb all week?

No. Your can should be pulled back in within 24 hours of pickup.

Should I rake my leaves into the gutter?

No. Leaves should be piled on the park strip or placed in the garbage can.

Will Brigham City help trim my trees?

We will only trim trees that are in the power lines or blocking street signs.

If you have other questions, just ask.
We will be happy to help you.

Opportunities for Volunteering

Have you ever thought you would like to be more involved in what goes on in our community? There are several opportunities to serve on boards, commissions and task forces. If you are especially interested in a specific part of government and want to help solve problems and make decisions, call Donna at 435-734-6612 and discuss what your interests are. She will take down your information and work on getting you appointed to a group that matches you specifically.

Brigham City in conjunction with the Urban Beautification Commission would like to thank all those who participated in Yard of the Month for 2021. We look forward to seeing the beautiful yards in Brigham City next year.

Yard of the Month

David and Nichole Woolsey built their first home and moved to Brigham City from Layton with their five children in 2019. Nichole has worked for Lomond View Nursery in Pleasant View as a greenhouse assistant for 11 years. Flowers and plants have become a passion, and she was excited to make their yard into a beautiful and relaxing space. One tip she has is to use quality fertilizers for your pots and baskets and deadhead often to keep the flowers blooming. The Woolsey's are excited that other people are enjoying the beauty of the flowers, and love when people come by and say hi.

The Woolsey Family was awarded a \$30 gift certificate for product purchase at Brigham City's Compost Site.
