29.11.010. Purpose.

A. Multiple Use Districts. The purposes of providing a multiple use district are to establish areas in mountain, hillside, canyon, mountain valley, desert, and other open and generally undeveloped lands where human habitation would be limited in order to protect land and open space resources; to reduce unreasonable requirements for public utility and service expenditures through uneconomic and unwise dispersal and scatteration of population; to encourage use of the land, where appropriate, for forestry, grazing, agriculture, mining, wildlife habitat, and recreation; to avoid excessive damage to watersheds, water pollution, soil erosion, danger from brushland fires, damage to grazing, livestock raising, and to wildlife values; and, to promote the health, safety, convenience, order, prosperity and general welfare of the inhabitants of the community.

1. M-U-40 Minimum Lot Size: Forty (40) acres
2. M-U-80 Minimum Lot Size: Eighty (80) acres
3. M-U-160 Minimum Lot Size: One hundred sixty (160) acres

B. Agricultural Districts. To promote and preserve in appropriate areas conditions favorable to agriculture and to maintain greenbelt open spaces. These districts are intended to include activities normally and necessarily related to the conduct of agriculture and to protect the district from the intrusion of uses inimical to the continuance of agricultural activity.

1. A-1 Minimum Lot Size: One (1) acre
2. A-5 Minimum Lot Size: Five (5) acres

C. Rural Residential Districts. To promote and preserve in appropriate areas conditions favorable to large-lot family life, the keeping of limited numbers of animals and fowl, and reduced requirements for public utilities. These districts are intended to be primarily residential in character and protected from encroachment by commercial and industrial uses.

1. R-R-1, Minimum Lot Size: One (1) acre
2. R-R-5, Minimum Lot Size: Five (5) acres
3. R-R-10, Minimum Lot Size: Ten (10) acres

29.11.020. Codes and Symbols.

In following Sections of this Chapter, uses of land or buildings which are allowed in the various districts are shown as "permitted uses," indicated by a "P" in the appropriate column, or as "conditional uses," indicated by a "C" in the appropriate column. If a use is not allowed in a given district, it is either not named in the use list or it is indicated in the appropriate column by a dash, "-." If a regulation applies in a given district, it is indicated in the appropriate column by a numeral to show the linear or square feet, or acres required, or by the letter "A." If the regulation does not apply, it is indicated in the appropriate column by a dash, "-."

29.11.030. Uses.

No building, structure or land shall be used and no building or structure shall be hereafter erected, structurally altered, enlarged or maintained in the multiple use, agricultural, or rural residential districts except as provided in this ordinance.

A. Exception to yard requirements for public service structures. In the absence of a specific approval from the Planning Commission to the contrary, public service structures shall be subject to yard area requirements and setbacks. The Planning Commission may allow public service structures to be located within the required yard areas specified in this Chapter upon the following findings:

1. The public service structure is needed for the efficient delivery of public services to the subject property,

2. Location of the public service structure in the required yard area will be beneficial to the subject property and will not result in undue public safety, aesthetic, or functional impacts on the subject property or surrounding properties,

3. The public service structure is integrated functionally and aesthetically into the overall design of the site, and

4. Location of the public service structure outside of the required yard area would be impossible or impractical due to functional considerations or because of site specific limitations.¹

¹ Ordinance No. 00-13A, dated 5/4/00.

29.11.040. Uses Not Listed.

The Community Development Director or designee shall have the authority to identify and categorize unlisted uses within the listed permitted or conditional uses of this Chapter, based on a finding of substantial similarity of character, origin and impact, etc., to a listed use, and when so categorized such use shall thereafter be recognized and treated the same as a listed use.²
