CLOSES: November 16, 2020

www.bcutah.org

WHY APPLY?

Brigham City offers an enviable lifestyle and an unsurpassed quality of life exemplifying the City's vision: "Beautiful Brigham City, Your Future is Here!" This quaint, historic mountain town is a destination for endless outdoor adventures. The gorgeous scenery beckons residents and visitors to enjoy the outdoors through biking, hiking, alpine and

cross country skiing, kayaking, golfing, fly fishing, horseback riding, wildlife watching, and more.

If you want to make a difference in a unique community that offers an outstanding quality of life, and would like to lead a dedicated staff in an organization that places a high value on providing outstanding service, this is the position for you!

THE CITY & COMMUNITY

Brigham City is a small city located approximately 60 miles north of Salt Lake City, Utah. The 2010 Census population of Brigham City was 17,899. Brigham City Corporation operates as a Mayor/Council form of government. The Mayor serves as chief executive officer and appoints a City Administrator to manage day-to-day operations. The City has an annual budget of \$44 million, 210 employees and offers a diversity of municipal services including police, fire, paramedic and ambulance service; regional airport; utility services including culinary water, sanitary sewer, storm drainage, and electricity; other public services such as waste collection, street construction and maintenance, planning and zoning, building permitting, economic development, a museum gallery, volunteer coordination, and senior citizen services. The City manages and maintains 11 parks and operates a recreation program that serves Brigham City and neighboring communities, and provides a variety of activities. Brigham City offers a beauty that is rarely shown in cities our size as exemplified by our clean, well maintained, tree lined streets.

A wide variety of year round recreational activities are offered including an 18 hole championship golf course, tennis and pickleball courts, swimming pools, and baseball and softball diamonds. Willard

Bay State Park and Mantua Reservoir are found nearby as well as many streams and other reservoirs. Boating, sailing, windsurfing, rodeos, mountain climbing, camping, hunting and fishing activities abound. Hiking, biking and ATV trails in our nearby mountains during spring, summer and fall allow for great discovery and adventure. The Brigham City area also offers great winter activities with twelve of Utah's famous ski resorts within a short drive. Ice fishing is found during the winter months on the reservoir.

THE DEPARTMENT

The Brigham City Fire Department provides fire protection and emergency medical services (EMS) to its citizens and to the neighboring city of Perry, Utah. Fire protection is provided to 22,400 citizens within the two cities covering 32 square miles. Our professionals respond to more than 3,000 calls annually. We provide automatic and mutual aid fire responses to all of our other neighboring communities. Brigham City's EMS services include Paramedic and Advanced Level EMTs and ambulance transports for all of southeastern Box Elder County, including Brigham City, Perry, Willard, Corinne and Honeyville. We provide Brigham City Community Hospital with intrafacility transports for critical care patients. Our department provides a full range of services that include; technical rescue (confined space, high/low angle, trench, ice rescue, and swift water), vehicle and farm equipment extrication, fire investigations, fire safety inspections, public education, burn permits, building plan reviews and hazardous materials response.

BRIGHAM CITY CORPORATION Job Description

Title:	Fire Fighter/Advanced EMT (part time)	Code:	386
Division:	Operations	Effective Date:	10/13
Department:	Fire	Last Revised:	01/16
Grade: 34		FLSA Status: Non-exempt	
Wage: \$12.82 per hour		Closes: November 16, 2020	
Opened: October 28, 2020			

GENERAL PURPOSE

Performs a variety of **working level firefighting and advanced emergency medical duties** related to response to emergency calls to protect person, property and environment.

SUPERVISION RECEIVED

Works under the guidance and direction of the Fire Captain(s).

SUPERVISION EXERCISED

None.

ESSENTIAL FUNCTIONS

The duties listed below are intended only as illustrations of various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if work is similar, related or a logical assignment to the class.

Performs fire suppression and rescue operations which may involve: quickly entering and exiting emergency vehicles; lifting, carrying and dragging heavy objects; climbing over and pulling oneself over obstacles; jumping down from elevated surfaces; raising and lowering ladders, climbing and descending ladders, climbing through openings; working at considerable heights; jumping over obstacles; crawling in confined areas; balancing on uneven or narrow surfaces; and using body force to gain entrance through barriers; put on and operate self-contained breathing apparatus (SCBA) gear.

Participates in specialized rescue operations, including aerial and underground situations involving the use of rigging and shoring; operates specialized hand and power tools and equipment to rescue traffic accident victims.

Conduct inspections of condition and readiness of division apparatus and equipment; clean, wash and maintain apparatus and equipment; maintain the fire station; maintain inventory of equipment and supplies; and participate in periodic testing of ladders, fire hose, SCBA, pumps, and other apparatus and equipment.

Operates a variety of equipment, tools, devices and vehicles as required to perform assigned duties.

Participates in city and division training. Participates in drills, demonstrations and courses in fire fighting techniques, equipment and apparatus operations, heavy rescue, hazardous materials, fire prevention, equipment maintenance and a wide variety of other subjects related to the fire service; studies and learns division operating procedures and policies.

Responds to emergency calls to provide efficient and immediate care to the ill and injured patient and transports the patient to a medical facility. Provides emergency and non-emergency transfers and staffing for special events; staffs the ambulance and responds to the location of the incident.

Upon receiving a page of an ambulance needed, responds to the Station and obtains further information from the dispatcher. Staffs the ambulance and responds to the location of the incident. Upon arrival at the scene of the incident, parks the ambulance in a safe location. Prior to initiating patient care, the EMT will "size up" the scene to determine that the scene is safe, determine the mechanism of injury or nature of illness, total number of patients and to request additional help, if necessary.

Determines the nature and extent of illness or injury and establishes priority for required emergency care. Based on assessment findings, renders emergency medical care to adult, infant and child, medical and trauma patients. Duties include but not limited to, opening and maintaining an airway, ventilating patients, and cardiopulmonary resuscitation, including use of automated external defibrillator. Provide pre-hospital emergency medical care of simple and multiple system traumas such as controlling hemorrhage, treatment of shock (hypo perfusion), bandaging wounds and immobilization of painful, swollen, deformed extremities. Provide spinal immobilization to patients with suspected spinal injuries. Medical patients include: Assisting in childbirth, management of respiratory, cardiac, diabetic, allergic, behavioral and environmental emergencies, and suspected poisonings. Searches for medical identification emblem as a clue in providing emergency care. Additional care is provided based upon assessment of the patient and obtaining historical information. These interventions include assisting the patients with prescribed medications, including sublingual nitroglycerin, epinephrine auto-injectors and hand-held aerosol inhalers. The EMT will also be responsible for administration of oxygen, oral glucose and activated charcoal.

Assist fire departments or local special rescue personnel with the extrication or removal from entrapment of patients.

Reports directly to the emergency medical department the nature and/or extent of injuries/illness, the number being transported and follows any orders or directions that are received from the emergency medical staff. Advises the medical staff of special professional services and assistance that will be needed immediately available upon arrival at the emergency medical department.

Constantly assesses patient en route to emergency medical department, administers additional care as indicated or directed by medical direction or in ambulance emergency medical protocols.

Assists in lifting and carrying the patient to the ambulance, placing stretcher in ambulance and securing patient and stretcher. Upon arrival at medical facility, assists in the removal of the stretcher and moving into medical facility.

Reports verbally and in writing their observation and emergency medical care of the patient at the incident and in transit to the receiving facility staff for the purpose of records and diagnostics. Upon request, provides assistance to the receiving facility staff.

After each call restocks and replaces used linens, blankets and other supplies, cleans all equipment following appropriate disinfecting procedures, makes careful check of all equipment so that the ambulance is ready for the next run. Ensures that vehicle is mechanically safe and fueled before the next run. Maintains ambulance in efficient operating condition. In accordance with local, state or federal regulations, decontaminates the interior of the vehicle after transport of patient with contagious infection or hazardous materials exposure.

Performs emergency and immediate care to the ill and injured patient which may involve: quickly entering and exiting emergency vehicles; lifting, carrying and dragging heavy objects; climbing over and pulling oneself over obstacles; jumping down from elevated surfaces; climbing through openings; working at considerable heights; jumping over obstacles; crawling in confined areas; balancing on uneven or narrow surfaces; and using body force to gain entrance through barriers. Frequent lifting of more than 10 pounds; frequent lifting of more than 75 pounds (victim, stretchers, medical equipment, backboards, etc. Weight of objects to be lifted regularly 15-115 pounds. Top range is weight of victim and stretcher lifted by two people in extreme emergency situations, an EMT may be required to lift and carry a victim (165 pounds or more), and without assistance from others.

Performs related duties as required.
