

Commercial/Industrial Customer Information Sheet					
Business Information					
Name of Customer's Business:		Address:		Phone Number:	Email Address:
Building Square Footage <i>(broken down into use, i.e. office, warehouse)</i>					
Hours of Operation: <i>(include days and hours)</i>					
Service Description					
Desired Secondary Voltage:		<input type="checkbox"/> 3 Phase 120/208v	<input type="checkbox"/> 3 Phase 277/480v	<input type="checkbox"/> Other	
<i>Note: Not all voltages may be available</i>		<input type="checkbox"/> 1 Phase 120/240v	<input type="checkbox"/> 1 Phase 120v only		
Panel Size: <i>(in amps)</i>					
Nearest pole or equipment number:		Type of Service Desired:		<input type="checkbox"/> Overhead	<input type="checkbox"/> Underground
Electrical Contractor:		Phone Number:			
Load List <i>(attach additional sheets if necessary)</i>					
Description	Phase and Voltage	New Load to be Added	Load to be Removed	Total Connected Load After Changes	Unit
HVAC					Tons
Exhaust Fans					HP
Electric Heat					kW
Water Heating					kW
Lighting					kW
Outlets					kW
Office Equipment					kW
Kitchen Equipment					kW
Refrigeration Equipment					Tons
Computers, Magnetic Power Supplies					kW
Machinery					kW
Thermoplastic Injection Equipment					kW
Elevators					kW
Boiler					kW
Snow Melting					kW
Signs					kW
X-ray Equipment					kW
Washer/Dryer					kW
Gas/Fuel/Sump pump					HP
All Anticipated Motors					HP
Air Compressor					HP
Miscellaneous					kW
Heat Exchanger					kW
Humidifier					kW
Swimming Pool					HP
Largest Motor <i>(not included above)</i>					HP
Future					kW
Totals <i>(convert to kW)</i>					kW

It is important to provide the most accurate information available, as it is used to design Brigham City's Public Power facilities and to determine the customer's costs. Please sign and date this form before submitting it to the Power Department.

Customer Signature _____

Date _____

Note: You may wish to consult a trained professional (electrician, engineer, etc.) prior to providing the information to the Public Power Department. Commercial metering can have many restrictions that should be discussed the the Public Power Department prior to the purchase and installation of your metering equipment. There are also restrictions regarding master metering. Motors larger than 35 hp three phase or 5 hp single phase will require approval by the Public Power Department prior to installation in order to determine the acceptable starting current. The Public Power Department may require an assessment and recommendation from the City Engineer which may take up to 30 days.
