

Brigham City has always been my home. I was raised here, graduated from BEHS, and have lived here all my life.

After earning degrees from Utah State in accounting and a master's degree in business administration, I began working as a CPA at a local firm. I audited Brigham City for six years. During those audits, I developed a real interest and understanding of how the city works.

I am running for city council because I love the city, I have a desire to serve, and I want to help ensure it continues to be a city we can all be proud to call home.
