Evan Nelson, Commission Member

City Staff: D.J. Bott, Council Member
Tyler Pugsley, Public Works Director
Tony Ekins, Assistant Planner/Code Services Coordinator
Jolene Crockett, Administrative Assistant

Excused: Mike Phillips, Chair
Sharon Griggs, Commission Member
Karen Nisonger, Commission Member

Arbor Day Discussion:

Tyler stated that he met with the sesquicentennial group and we will have a meeting with Hans Anderson (Eagle Scout who is interested in the project). We will talk to him about coordinating all volunteer efforts. We want him to step in and take the lead. If he decides he doesn't want to take on all the volunteer efforts we will work on that through our office.

Beth Allen presented a check from the Spade & Hope Garden Club for \$400. This donation is for the planting of the trees.

Tyler stated we received the shipment of 30 ponderosa pine trees.

Marie visited with the Principals of our local schools. She dropped off a paper which explained what we were doing. She said Foothill Elementary seemed interested. Discovery School did not seem so interested and Lakeview/Mountainview said no. She hasn't heard back from the two schools that expressed interest. Tyler thanked Marie for her efforts.

Following some discussion we will include the students from Promontory Academy to join the celebration at the Pickleball Courts. Marie will inform them of this.

Jolene will double check on the requirements to see if the third grade class is a necessary part of the Tree City requirement. Tyler said we are hoping for school as well as the pickleball association participating with us on Arbor Day.

Tyler stated we are a month and a half away from Arbor Day!

Tyler reviewed the placement of the trees at the sports complex.

Next Meeting: April 11, 2017 @ 5pm, Public Works Conference Room
