

COVID-19 Situation Report

April 16, 2020

www.brhd.org

Partners and Stakeholders: In an effort to answer questions and keep you informed about the Bear River Health Department's response during this COVID 19 outbreak, we will try to provide you with a daily situation update Monday through Friday. If pressing issues arise during the day or on a weekend we will notify you at that time rather than waiting for the next daily update. Feel free to share this update with your partners.

Bear River Health Department supports the orders and guidance provided by our federal and state leaders. Copies of all orders and guidance documents can be found on our webpage.

Situation in Bear River Health District

CUMULATIVE LAB-CONFIRMED POSITIVE COVID-19 STATISTICS

BEAR RIVER HEALTH DEPARTMENT UPDATES:

We recognize that the ongoing COVID-19 pandemic may affect you or your family's mental and emotional health. Our community has a lot of great resources to get you through these difficult times. Visit brhd.org/services/counseling-services/ for a directory of resources available to you.

DID YOU KNOW?

The Utah Department of Health has expanded their testing capabilities for COVID-19. Currently, anyone experiencing flu-like symptoms (which now includes fever, cough, shortness of breath, sore throat, muscle aches and chills, or decreased sense of smell or taste) should be tested for COVID-19. Please visit coronavirus.utah.gov/testing-locations/ for more information or to find a testing location near you.

Situation in Utah

Total Cumulative Cases: 2,683

Total Tests: 49,678

Total Cumulative Hospitalizations: 238
