

COVID-19 Situation Report

May 19, 2020

www.brhd.org

Partners and Stakeholders: In an effort to answer questions and keep you informed about the Bear River Health Department’s response during this COVID 19 outbreak, we will try to provide you with a daily situation update Monday through Friday. If pressing issues arise during the day or on a weekend we will notify you at that time rather than waiting for the next daily update. Feel free to share this update with your partners.

Bear River Health Department supports Utah Leads Together 2.0 and the phased guidelines provided by Governor Herbert. Copies of all orders and guidance documents can be found on our webpage.

Situation in Bear River Health District

CUMULATIVE LAB-CONFIRMED POSITIVE COVID-19 STATISTICS

Note – the numbers of cases and individuals hospitalized is cumulative and doesn’t represent current infections or hospitalizations. Recovered individuals have been fever free at least 3 days without the use of fever reducing medications, have improvement in respiratory symptoms, and at least 10 days have passed since symptoms first began or a positive test was obtained. Active cases can be calculated by subtracting the recoveries and deaths from the total cases.

County	Cases	<18	18-60	>60	Hospital	Deaths	Recovered
Box Elder	25	3	19	3	3	1	17
Cache	64	9	42	13	7	0	45
Rich	0	0	0	0	0	0	0
Totals	89	12	61	16	10	1	62
