

My name is Thomas W. Peterson, I was born in Brigham City and grew up in Perry with the help of many parents and an amazing group of friends. I graduated from Box Elder High School and then served a mission for the LDS Church in the South Africa Cape Town Mission. After my mission I became an electrician. I married the most amazing woman in the world, Jodi, and we have 4 wonderful children, the oldest of which is currently serving his country as a United States Marine.

I worked for Brigham City from 2005 to 2012 and then for Box Elder County and have a great working relationship with our Commissioners and other elected officials. I am currently employed by the State of Utah and have the opportunity to work closely with the State Legislature drafting statutes. I have served our community as a member of the Box Elder County Sheriff's Search and Rescue team for 9 years, serving as Chairman of the Box Elder County Republican Party, and working with the Box Elder Soup Kitchen.

I am currently serving as a Board Member of the International Code Council and operate my own general and electrical contracting company. I am a firm believer in service to others. I have lived in Brigham City for 18 years but it has always been home.

I have been on the Brigham City Council for 2 terms and would like to have the privilege of serving one more term. We have many projects that have taken some time to get moving and I would like to see them through. Brigham City is an amazing place with the most giving people in the world. I love this community and love meeting new citizens as I serve others.

The future of our children is important, that is why I feel the need to be involved in making sure that Brigham City is the best place to live, work and play.
