

**TYLER M. VINCENT
CANDIDATE FOR MAYOR**

I was born and raised here in Brigham City and have a great love for our City and the people who live here. Brigham City is a great place to live and raise a family. After graduating from Box Elder High School I served an LDS mission and then returned home and obtained a business degree at USU and an Automotive Engineering degree at Weber State University. I own and operate Burt's Auto Body and Glass, a three generation family business. During the time I have been Mayor I have been privileged to interact with City Council members, citizens, and employees as well as other elected officials throughout Box Elder County and the State of Utah. While we may not always agree on all of the issues, we have been able to work together with the best interest of the citizens in mind.

I have listened to people's concerns and have worked with them and City staff to find possible resolutions. A huge part of being Mayor is running the City budgets. I understand what it takes to run a successful business and feel that in order to continue making the City successful, we have to continue to watch our expenditures and be frugal with the City funds. That being said, I have a vision for the future of Brigham City and hope to work more with interested citizens on what we can do to make this great City of ours even better. I am very appreciative for the opportunity it has been to serve and support the citizens of this great community and hope to continue.
