

Enrollment -

Enrollment is secured with your first monthly tuition payment. If your first lesson starts in the middle of a calendar month, an additional prorated amount will be required at enrollment. Your enrollment payment is non-refundable.

Tuition -

Lesson tuition is \$130 per calendar month and includes 4 weekly private lessons. Your tuition reserves a 30-minute appointment on your Instructor's schedule. Your lessons will recur on the same day & time. Note: To allow student transitions between appointments, your effective instruction time will be approximately twenty-five minutes.

Payments -

Tuition is automatically processed to your credit or debit card prior to your 1st lesson every month. This payment guarantees 4 lesson appointments within that month. If tuition is not collected by your 2nd lesson of the month, we reserve the right to withhold your lessons until received. ****Your Instructor is paid only after your tuition is received.**

Attendance -

Students are expected to attend each lesson and be punctual. Since enrollment is tuition-based and Instructors' schedules are typically at or near capacity, student absences will not be credited nor rescheduled, no exceptions. In the event your Instructor is unable to provide a scheduled lesson, you will either (a) not be charged for the missed lesson or (b) receive a credit towards a future lesson.

Discontinuing Lessons -

Your notice of discontinuation must be received at least two lessons prior to your final lesson. Your notice must be received via text or email (visit fretworksmusic.com/contact-us for store contact info), or in-store by an associate. Notifying your Instructor does not constitute proper notice. Tuition payments for lesson appointments that fall within your notice of discontinuation are required and non-refundable. Failure to provide proper notice does not excuse tuition payment for any unattended lesson appointments that are reserved for you.
