ITEM 1: Gravel Pit Task Force Recommendations

The Commission addressed the concern brought up by Geneva Rock Representative, Dave Kallas of transporting gravel which concern Mr. Kallas expressed at the prior Planning Commission Meeting.

Chairman Coburn inquired if the City could regulate the Geneva Rock Gravel Pit from phasing forward or extending to other areas (due to unpopular response from residents on the Gravel Pit expanding). He inquired if the City could state that Geneva Rock Gravel Pit could build out where they are and then be done. Mr. Westfall stated he did not believe the City could.

Each Commissioner then reviewed page by page their suggestions and recommended adjustments to the proposed Gravel Pit Ordinance. These suggestions and recommended adjustments were discussed by the Commission and those which the Commission felt were in the best interest of the City would be reviewed for approval.

ADJOURNMENT

Chairman Coburn closed the work session.

The meeting adjourned at 9:56 PM.
