Pattern Correction

I work very hard on my patterns but nobody is perfect.

Despite having a pattern tester & editors sometimes we miss things. Below are the few errors that have been discovered. They will be fixed in future printings.

If you have a copy of the 2016 Row by Row, Borealis Ridge pattern showing no revision date on the back cover, lower right corner; please make the following changes to the cutting digram below. The strip sizes were reversed on strip 6 & 7 and 8 & 9. Although the order in which the strips are assembled really doesn't matter to the finished borealis; this change reflects how the sample quilt was assembled.
