

Star Cluster

by Kansas Troubles Quilters

Corrections

Here are a few corrections we found for the first printing of our Star Cluster pattern.

Page #8

Section #1 - Small HST

(8) darks - HST - (1 each) 2 $\frac{3}{8}$ " sq.

(8) tans - HST - (1 each) 2 $\frac{3}{8}$ " sq.

Piece (16) assorted HST; trim to 2" square. Layout out HST in (2) rows of (8) HST each. Sew blocks together in rows; press seams open. Sew rows together; press. Small HST section measures 12 $\frac{1}{2}$ " x 3 $\frac{1}{2}$ ".

Sections #2 & 3 - Large HST

(8) darks - HST - (1) 3 $\frac{3}{8}$ " sq.

(8) tans - HST - (1) 3 $\frac{3}{8}$ " sq.

Piece (15) assorted HST; trim to 3" square.

TIP: I like to cut my squares for HST $\frac{1}{8}$ " larger and trim to size.

For Small HST, cut 2 $\frac{1}{2}$ " squares.

For Large HST, cut 3 $\frac{1}{2}$ " squares.

Page #10

Tan #2 - 2nd border

Cut (6) 3 $\frac{1}{2}$ " x WOF

Outer Border

Blue- outer borders - (4) 6 $\frac{1}{2}$ " x LOF

binding - (4) 2 $\frac{1}{2}$ " x LOF

TIP: I prefer to cut my border strips length of fabric. The lengthwise grain stretches less making the outer borders more stable to frame your quilt.
