

Supply List for Wendy's Migrating Geese Quilt Class

© 2026 Wendy Mathson • QuiltsfromtheVineyard.com

I call these pieced strips "Migrating Geese". They are an interesting variation on the traditional Flying Geese blocks. In this class you will learn an easy way to piece Migrating Geese in strips.

Here are some things I like about this method:

- You do not need a specialty ruler. There is no squaring up. There is no marking.
- Cutting is easy: You start with squares, and both Background and Geese squares are the same size.
- For this class, you can start with 4", 5" or 6" squares. You'll get a handout showing other sizes, too.
- You can make a quilt from the 4 pieced strips as shown, or the pieced strips can be borders on a quilt or a panel.
- The method is forgiving, with extra room so the side points of the geese triangles do not get chopped off.
- It's a great way to use scraps! I think the more fabrics you use, the more interesting the quilt.

**Class at Cozy Creative Center
October 24, 2026**

FABRIC NEEDED FOR QUILT TOP

Choose the quilt size you want from the chart below.

You can start with 4", 5" or 6" squares.

- Cut 27 Geese squares from as many fabrics as possible. I suggest at least 12 different fabrics.
- Cut 54 Background squares, from at least 12 fabrics – OR – If you want to use just one fabric for the background (as in the smaller quilt shown at right) use the yardage in the chart below.

TIP: It is a good idea to press and starch the fabrics before you cut, especially the Background squares.

TIP: For the 5" size, you can use precuts: 5" Charm Squares or 10" Layer Cakes cut into quarters.

Started with
4" squares

Started with
6" squares

Starting Squares	Finished Width of Pieced Strip	Quilt Width	Quilt Length	Background Yardage	Fabric for Sashing & Borders
4"	4½"	29¼"	43½"	¾ yard	¾ yard
5"	6"	39½"	59"	1½ yards	1 yard
6"	7½"	50½"	74½"	1¾ yards	1¾ yards

WHAT TO BRING TO CLASS

- Sewing machine with quarter inch foot, or the ability to move needle position to sew a 1/4" seam.
- Rotary cutter and small mat.
- 6" to 10" square ruler with 45 degree diagonal line.
- Standard sewing essentials: Piecing thread, pins, scissors, seam ripper, water, snacks, chocolate candy, etc.
- If you have one, it is helpful to have an iron and ironing mat next to your sewing machine. There are ironing stations in the classroom for you to use if you do not have a convenient travel-size iron.
