FABRIC TO BRING TO CLASS – *Diagram below, right shows fabric placement*

- **For Narrow Rows**, 1½" wide strips from one fabric:
Cut 4 strips from full width of fabric (about 40")
– OR – Cut 8 strips (about 20") from one fat quarter
- **For Accent Triangles:**
Cut 2 strips @ 2½" wide, then cut these strips into 24 squares, 2½"
NOTE: Pick a fabric that will hold a crease when pressed. Fancy fabrics like tissue lamé and silk are great, but may need lightweight fusible interfacing ironed on the back so you can fold them.
Directional fabrics are NOT a good choice here.
- **For Inner & Outer Rows:** ¼ yard (one fabric)
- **Front Joining Strips & Binding:** 3/8 yard (one fabric)
- **Flannel to be used as Batting:** 1/2 yard. I suggest you **prewash** and machine dry to shrink. You can use any flannel that does not show through your other fabrics.
- **Backing:** 1/2 yard. Choose a **busy**, non-directional print to help hide the threads on the back.

YES! YOU NEED TO BRING FLANNEL AND BACKING TO CLASS! THIS IS A QUILT-AS-YOU-GO PROJECT. WE WILL BE LAYERING BEFORE WE SEW.

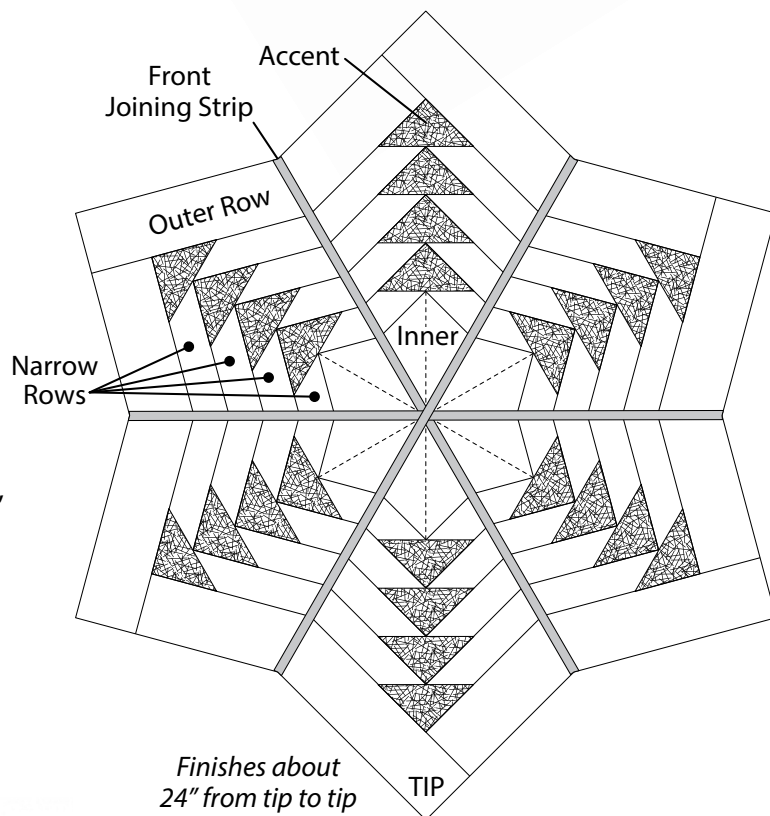

I WILL BRING YOUR PATTERNS TO CLASS. THEY ARE INCLUDED IN THE CLASS PRICE.

OTHER STUFF TO BRING TO CLASS

- Sewing machine with quarter inch foot – OR – the ability to move needle position to ¼". (Marks on the bed of the machine will not work.)
- Standard sewing supplies: Pins, scissors, seam ripper, water, snacks, chocolate candy, etc.
- Fabric basting glue like Roxanne's Glue Baste-it
- Erasable fabric pen or chalk marker
- Bobbin with thread in a color to blend with Backing
- Thread (spool) in a color to blend with Inner fabric
- Thread (spool) to blend with Front Joining Strips
- Rotary cutter
- 6" to 8" square ruler with 45 degree diagonal line

OPTIONAL:

- Wonder Clips or equivalent
- Top Stitch foot for your machine if you have one
- 1/4 yard lightweight fusible interfacing if you are using tissue lamé or similar fabric for accent triangles
