Terms & Conditions:

- Batting and thread need to be purchased separately, at quilt drop off.
- Thread must be purchased at The Sewing Box.
- Batting needs to be of a good quality. Please NO high lofts. It is highly recommended that you purchase from The Sewing Box.
- Based off the dimensions of the quilt top, the backing and batting must be at least 8" wider and longer (4" on each side).
- Quilt pantographs prices are subject to change if "dense" quilting is requested.
- Puckers may result due to the following:
 - Quilt top isn't in proportion
 - Outside borders are cut on the crosswise grain causing them to stretch
 - Seam quality - lack of straight seams, "out of square" blocks
 - Improperly pressed seams
- The Sewing Box is not held responsible for folds or puckers due to the errors mentioned above.
- It is necessary that the quilt top and backing is carefully pressed using a starched spray, i.e. Best Press.
- Clip threads on the back of quilt, so they don't show through after quilting.
- The Sewing Box reserves the right to refuse any quilting projects.
- Minimum long arm quilting service begins at \$75.

Bedding Measurements Guide

Most edge to edge quilting is about 3 cents per square inch. Quilting only; does not include batting/thread/binding/prep add-ons.

The Sewing Box reserves the right to refuse any quilt top that does not meet our quality or preparation standards for long arm quilting. Quilts must be properly squared, pressed, and free of loose threads, holes, or excessive distortion. If a customer chooses to proceed with quilting on a quilt top that is not square or otherwise irregular, the customer acknowledges and accepts that puckers, wrinkles, tucks, or folds may occur during the quilting process. The Sewing Box will not be held responsible for such imperfections resulting from the quilt's condition at the time of drop-off.
