QUARTERLY NEWS

Guided sew will now be the first and third Thursdays, and has increased in price to reflect the amount of specialized attention students are receiving. Machine Embroidery will be a project based meeting each month and will be geared to teach you a variety of skills and introduce you to many uses of your embroidery machine. Pin Club has come to an end and will be replaced by Bolt's Bag Club (see page 2 for more details). Also new for 2024 -private sewing and machine lessons. There is an intake form on our website if you are interested in scheduling one. Please follow along on our social medial channels for all the latest news.

Wow 2023 was quite the whirlwind and it doesn't look like things are slowing down for 2024. Thank you to all our customers for your support! We look forward to helping you with many more projects this year. Ellie (the shop manager) and I are heading off to a small business bootcamp / reality tv show for a week in January and then come back to the two trunk shows. We will be hosting a drop off location for the PA Maple Festival Quilt Show this Spring and will be keeping Sunday hours for the two weekends of the festival. There will also be several Sunday hours during the Mid-Atlantic Shop Hop in July/ August to aid travelers in traveling such a great distance. We hope to see you at one of the many events or for our open and guided sews this year. For small business like ours an online review makes a big impact, we would appreciate if you had a moment to share one on social media or Google and help us spread the word about our shop.

Happy Stitching,
