

## Cable Fingerless Mitts Class information

In this class you will learn new skills for making a fingerless mitt that includes a cable and thumb gusset.

### Equipment required:

- A set of 4 or 5 double pointed knitting needles size 4.5 mm
- 100 gm worsted weight yarn (gauge of 18 – 20 stitches over 4 inches) (lighter colours show the cabling better than dark colours. Typically, acrylic yarns will be washable, wool and wool blends will be warmer.
- Cable needle
- Scissors
- Darning needle
- Measuring tape
