

SUPPLY LIST FOR WHERE IS THE 9-PATCH pattern

Tues. Mar. 17, 2026 9:30-4

- ☒ Please avoid wearing perfume or scented hair/skin or washer/dryer scent booster products or scented starch products (like Best Press™/Acorn™), since so many people are sensitive to it.
- ☒ Tables will be shared as needed to accommodate everyone.
- ☒ The store has irons and cutting mats for students' use.
- ☒ Please bring a **face mask** as I may ask you to wear it when I am giving individual attention, though this hasn't been necessary recently.
- ☒ Sewing machine, cords, manual if the machine is new-ish to you, and basic sewing notions, rulers, cutters, and label everything, as others may have the same brands as you.
- ☒ Your binder that you have your other notes & patterns in, for reference. (If you are new to the Absolutely Scrappy Club, you may wish to get a binder.) Paper & pencil if you want to write additional things down.
- ☒ You are also encouraged to bring show and tell of scrappy quilts to every class, and your camera to take photos for your personal use. Show and tell is usually right after lunch.
- ☒ Fabrics: for virtually all classes, you can bring assorted fabrics (lights/mediums & darks) in an assortment of sizes, and then decide what to cut after we talk about it. There are often variations, and you may end up doing something different to what you thought prior to the class.
- ☒ You may choose to do the project/block *in any size*, just make a sample, or not do them at all. ***If the latter, bring something else to work on.***
- ☒ Some of you may choose to pre-cut fabrics prior to class. However, if you are not sure what to do, just bring assorted fabrics- DON'T STRESS ABOUT IT. If you have any pre-cut strips in the sizes suggested below, you could bring them. If you are confused about all this, don't worry. I will help you sort it out in class. If you want to pre-cut, here is where you could start.
- ☒ This is a different project than my usual, and it is a pattern for a whole quilt, rather than just a block, because of the nature of it....to be explained in class.... The **Where is the 9-Patch pattern** makes a quilt about 48" square. Since it is mostly background, I would recommend a single fabric (motley, tone on tone, etc., and avoid directional and larger or very distinct prints). You will need 2.25 M of background, plus .45M assorted contrasting fabrics, .45M for binding, and 1.8M each for backing and batting to make this size. If you wish to pre-cut some strips, you'll need these of the background fabric: 20 pieces 4 ½" square, 4 pieces 6 ¼" square, and 4 pieces 8 ¾" square. You'll also need assorted contrast fabrics: 25 pieces 4 ½" square, one piece 6 ¼" square, and one piece 8 ¾" square. This will give you a start. IF you have something like a 9 ½" square ruler and/or a 12 ½" or larger square ruler, please bring both of them. There will be 2 other options to make bigger quilts of this pattern (65" x 72" and 90" x 98"). Contact me if you need yardages for either of those prior to the class. You could make it with a dark background and light contrast fabrics instead of as shown.
- ☒ The class will start promptly at 9:30 a.m. I will be giving all the information at the beginning, then you can work at your own pace for the rest of the day.
- ☒ You can call me if you need a question answered prior to the class- 250-546-3242.
