Age: 77

Occupation: retired educator and attorney

Web site (if applicable):

Message (200 Word Maximum): I am a grandpa, a retired educator and attorney. My wife and I have lived in Salem for almost 17 years, and we love this city.

While on the City council I worked to have our library expansion, to have developers provide and pay for more City parks and trails, and to create a City owned internet fiber utility company.

People have a right to be safe and I voted to upgrade and improve Salem's police and fire departments, both with personnel and equipment.

I fought hard for the least amount of housing density that the law would allow under the legal constraints imposed on city governments. I will continue to be a voice for limitation and moderation in housing growth.

I am a man of integrity. I listen to differing opinions and make decisions based on facts, not emotions. I believe the logic, analysis and conclusions that I presented at council meetings gained me the respect of all who I worked with at the City.
