

Longtime resident of Salem. Bachelor's Degree/BYU Recreation Management: Program Administration, LDS Business College/Global Supply Chain. Hardworking. Committed to studying issues on both sides to make solid informed decisions to protect Salem's future. Served community on PTA's, parent boards, as a foster parent, 2 terms/library board, master plan committee, Salem Days committees. Looking forward to serving Salem in a new capacity as a city council member.

Strong conservative values will preserve the beauty and small-town charm of Salem. Cooperation between elected officials and citizens will protect those values.

- **Responsible Growth:** Salem developed a master plan to manage the growth that is inevitably coming to our area. I believe city government should honor that plan in responsible ways that protects our resources, people and quality of life.
- **Efficient Use of Tax Dollars:** Need to maximize benefit of this valued resource. We need to be wise with the expenditure of every dollar to benefit all citizens, age groups and needs.
- **Preservation of Values:** Salem faces many challenging issues now, and in the future. I believe with healthy debate and dialogue with citizens and wise choices by informed decision makers we can protect that way of life for ourselves and our children.
