Quilting Guidelines:

- If you must leave during the quilting and staff need to complete your quilt, it will be billed as staff stitched.
- \$50 minimum deposit for quilting, must be paid when appointment is made (non-refundable if cancelled less than 24 hours prior to appointment time). Deducted from final quilting cost.
- After quilting, we can help you prepare it for binding. Just let us know you want help trimming!
- Backing and batting should be 10” longer and 10” wider than your finished quilt top size.
- If your backing must be pieced, please complete it prior to quilting. **Cut off your salvages prior to piecing your backing**
- We prefer to use the batting and thread we sell because it performs well on Bella. Others may be used; however, we can’t guarantee the quality of the results. Please inform us prior to your quilting date if you are going to use other type of batting than what we carry in the store.
- **Backing and Top should be squared prior to your appointment. Please see above surcharges for additional work to be done.**
- **Please have your quilt top and backing pressed and ready to go. Please see above surcharges for pressing**
- Plan for a FULL day of quilting and bring a lunch to take a break with us. Do not plan on leaving before your quilt is finished. If you need to leave, we will continue with the quilting, but at the staff quilting rate.
- **Don’t forget to bring a piece of fabric to embroider your label!**
- **Please ask your staff quilter about our frequent quilting program.**

If you have a question, please ask so we can help you create the quilt of your dreams!

Please Remember: We will give you every consideration possible. Sometimes appointments will need to be changed for unforeseen maintenance issues with Bella. We will try to avoid this where possible, and your patience and understanding are greatly appreciated!

~No tips please. We all work as a team and appreciate your continued patronage. That is thanks enough for us!
