- 124" Soft & Bright Polyester.....\$12.99/yd
- 120" Warm & White Cotton.....\$16.99/yd
- Packaged batting.....various pricing

Guidelines:

- Make outside borders 1-2 inches larger than desired (so you have room to trim).
- Backing and batting should be 4-6 inches larger than the front of the quilt (for testing and "scooching" room). Total backing size should be 8-10 inches larger than your front.
- If your backing must be pieced, please complete that prior to your appointment.
- Please measure your quilt top width and length. Have the center top and bottom marked for both your quilt top and quilt backing.
- We prefer to use the batting and thread we sell because it performs well on Bella. Others may be used; however, we can't guarantee the quality of the results. Please inform us prior to your quilting date if you

are going to use other type of batting than what we carry in the store.

- Backing and Top should be squared prior to your appointment.
- Please have your quilt top and backing pressed and ready to go. If your edges are irregular, they must be squared or basted to a neutral strip of fabric making a straight edge.
- Plan for a FULL day – bring a lunch and take a break with us. Do not plan on leaving before your quilt is finished.
- If you have a question, please ask so we can help you create the quilt of your dreams!

Please Remember...

We will give you every consideration possible. Sometimes appointments will need to be changed for unforeseen maintenance issues with Bella. We will try to avoid this where possible, and your patience and understanding are greatly appreciated!

~No tips please. Your continued patronage is thanks enough for us!~

Prices are subject to change.
