Designer EPIC 2, Designer Ruby 90 and Designer EPIC, Designer Sapphire 85, Designer Topaz  
65, and Designer Brilliance 80 Machines  
Friday, May 1, 2026, from 10:00 a.m. to 2:00 p.m.  
Thread Velvet Butterfly Wall Art

In our class this month we will continue our exploration and review of the features within our Top-of-the-Line Designer machines when we create our own wall art. We will explore stitching out a thread velvet design from our machine on a different medium – solar screen without using a stabilizer. The HV metal hoop with extra magnets makes stitching this design so easy. The beauty of the thread velvet design is revealed when we cut thru the multiple layers of thread within the design. I framed my design by stapling it to the back of a 9” x 11” (outside measurement) frame to display the lovely design.

### Supply List

Sewing and Embroidery Machine, Embroidery Arm, Foot Control Pedal, Power Cord, Sensor Q Foot, Single Hole Stitch Plate

240 mm x 150 mm HV metal hoop **or** 200 mm x 200 mm HV metal hoop **or** 180 mm x 130 HV metal hoop; if you do not have a HV metal hoop – you will need to bring your 260mm x 200 mm hoop and hoop the solar screen.

Extra set of magnets for HV Metal hoop if you do not have 8 magnets. (we use 8 magnets in our hooping of the solar screen)

12” x 16” piece of Solar Screening (*Kathy will have available in this size for a nominal fee of \$3.00 cash*)

*HV or Inspira 90 Topstitch Needle*

Rayon and metallic embroidery threads. Two different Metallic gold threads; a metallic copper thread and then rayon embroidery thread – 4 shades from lighter browns to darker browns and 3 shades of orange/rust colors are used in the thread velvet design. The design used the following rayon embroidery threads but you can substitute your favorite colors to create your own unique butterflies: RA 2566, Best Brown; RA 2339, Coffee Bean; RA 2622, Pro Firebrand; RA 2581, Old Dark Tex Orange; RA 2569 Earthen Tan; RA 2289, Rust; RA 2372, Dark Brown; RA 2251, Brown. **Note that for the best results with thread velvet designs – you will want to use 40 wt. rayon embroidery threads to have the design “bloom”.**

Black bobbin thread

Permanent Fabric Adhesive (I used Aleene’s STOP Fraying (I found this at Hobby Lobby) but any fabric glue that dries clear would work)

Surgical seam ripper (used to cut thru the layers of thread velvet)

12” long ruler

9” x 11” (outer measurement) wooden picture frame with sawtooth hanger

General Sewing Supplies and Tools (such as Pins, Snips, Scissors, Seam Ripper, Rotary Cutter with sharp blade; fabric marking pen, Rulers to mark fabric and stabilizer, etc.) I will bring a craft stapler and staples for you to use in class.
