Christmas in July
Let's Trim a Tree Table Runner

Finished size approx. 20" x 49"

This is our Christmas in July project! We will explore using sewing machine stitches and small embroidery designs in the embroidery mode to create the 10-inch-tall Christmas tree shape in the center block of the table runner. We will devote the class in July to creating and stitching out the center block. In August we will focus on the sewing side of our machine as we piece and quilt the table runner.
