

AAA: Sewing Made Simple Series

Zipper Bag - Supply Sheet

This class introduces students to sewing with zippers through the creation of a simple zipper bag. Students will learn how to properly measure and cut fabric, install a zipper, sew straight seams, and finish edges for a neat result. Emphasis is placed on sewing machine safety, accuracy, and confidence when working with new materials. By the end of the class, students will complete a functional zipper bag and gain foundational skills that can be used in more advanced sewing projects.
