Pajama / Lounge Pants – Project 1

In the pants class, you learn all the skills needed to make a great pair of lounge or pajama pants.

Learn how to choose and prepare the correct size pattern, cut out your fabric and mark all the pieces.

You then learn how to sew straight and curved seams, finish seam allowances, insert elastic, and make a clean hem.

In the end, you'll have a fabulous pair of pants!

*Due to fabric shrinkage, excess dye, & starch applied during manufacture, it's essential that the fabric is washed and dried before coming to class. Fabrics can shrink up to 25%, sizing, or starch, can change the hand of the fabric considerably. Launder the fabric in the same way you plan to launder the finished garment. Be careful to wash with similar colors in case the dye bleeds!
