
SERGER MASTER COURSE

4 Sessions

Intermediate/Advanced

In the 4-day master course, you go from basic seams and seam finishes to designer details, lingerie, bridal, and even heirloom sewing. If your machine has coverlock capabilities, we'll work on that too.

At the end, you'll have an extensive collection of samples, and your serger won't be a mystery any longer. Included is a day-by-day kit with all the fabric and trims you need. We also provide a binder with pages for samples, making notes, and writing your machine settings.

This course requires a good familiarity with your serger. You must be able to thread it, change the needles, change settings & functions, and change accessories. The master course is not for beginners.

MACHINE:

- Serger
- Manual
- Accessories
- Sewing Kit

SUPPLIES:

- Thread: red, green, blue, and yellow - 1 of each cones or spools
- Thread: white - 3 cones or spools
- Thread: Madeira Aeroflock - 2 cones
- Thread: Pearl cotton - 1 cone
- Thread: Rayon embroidery - 1 cone
- Thread: Madeira Decora No. 6 - 1 cone
- Thread: Clear monofilament - 1 spool
- Double-sided tape
- Fray Check or other seam sealant
- Loop turner
- Darning needle
- Point turner (optional)
- Pinking shears
- Fat quarters - 2 coordinating
- Fabric: Although a pre-cut fabric kit is provided, you may want to bring some additional fabric scraps for practice.

NOTE: Thread can be cones or standard spools.
Make sure you have all four colors!
