

Rhonda Sambo

I have lived in Valdez the majority of my life and I started quilting in the 80's and I was told at that time quilting was a cheap hobby. It is now 2016 and I am sure my hobby has expanded to say the least! I thoroughly enjoy this hobby of mine.

I love working and teaching classes. I enjoy helping students from start to finish on quilts.

I am looking forward to being with you in my Sunday Whirl class. See you.
