

Sarah Klever

Sarah began her love of sewing at age 10 by creating clothes for her Troll dolls and occasionally trying to make something (anything) fit Barbie. Girl Scouts and 4-H helped hone her sewing skills and gave her a life long love of all things fabric.

Sarah made the leap from clothing construction to quilting 25 years ago. Sarah takes a more contemporary approach to her quilts. You may find her fresh approach and deviation from the rules and regulations of the quilting "police" just the right fit for you.

She provides her students a way to let go of pre-conceived notions of quilting and create a work that is truly their own.

Other classes offered by Sarah include purses, bags, totes and an occasional craft project Amended!! Sarah has been teaching quilting for 5+ years and has worked at the Quilt Tree for over 8 years.
