Futura Quartet™

SEQS-6000

Feature	Benefit
30 Built-In Sewing Stitches	6 Basic, 17 Decorative, 5 Stretch and 2 Buttonholes
2 Fully Automatic 1-Step Buttonholes	A simple 1-step process that provides reliable, precisely balanced buttonholes every time.
Buttonhole Underplate	The buttonhole underplate ensures perfect buttonholes on multiple fabric layers. It makes sewing buttonholes possible in places that conventional buttonhole devices cannot easily reach.
Heavy Duty Metal Frame	This rigid support holds all the interior mechanisms in perfect alignment for durability and skip-free sewing.
SwiftSmart™ Threading System with Automatic Needle Threader	Simply guide the thread directly from the spool to the needle area through a single groove and thread the needle by pressing the lever for truly one-touch threading!
Drop & Sew™ Bobbin System	With this special top drop-in bobbin, there's no longer any need to raise the bobbin thread before sewing. Just drop and sew!
Automatic Stitch Length & Width	Automatic optimal settings for stitch length and width can be overridden for more personalized sewing.
13 Needle Positions	Needle position can be changed for individual projects such as inserting zippers, cords and topstitching.
Automatic Twin Needle Function	Optimal twin needle sewing settings are automatically set simply by pushing the twin needle button. Create dramatic and decorative topstitching.
Programmable Needle Up / Down	The needle can be programmed to stop in the highest <i>up</i> position when your foot is lifted from the controller, making it easier for removing the fabric from the machine. Or program the needle to stop in the <i>down</i> position, which is ideal for pivoting, appliquéing or quilting.

SEQS-6000

Feature	Benefit
Drop Feed	Lower the feed dogs for customized topstitching, free-motion embroidery and attaching buttons.
6 StayBright™ LED Sewing Space Lights	Six lamps illuminate the sewing surface for optimal viewing. The long-lasting bulbs (100,000 hours) stay cool regardless of how long the machine is being operated.
Included Accessories	10" x 6" Embroidery Hoop, 4" x 4" Embroidery Hoop, Embroidery Foot, Thread Spool Nets, Scissors, USB Cable, All-Purpose Foot, Zipper Foot, Buttonhole Foot, Blind Hem Foot, Satin Stitch Foot, Overcasting Foot, Darning & Embroidery Foot, Gathering Foot, Rolled Hem Foot, Button Sewing Foot, Edge / Quilting Guide, Pack of Needles, Bobbins, Thread Spool Caps, Auxiliary Spool Pin, Spool Pin Felt, Screwdrivers, Seam Ripper / Lint Brush, Soft-Sided Dust Cover, Extension Table, Instruction Manual with included Stitch Guide, Foot Control, Power Cord
Snap-On Presser Feet	Easily change snap-on presser feet without use of a screwdriver.
Automatic Locking Stitch Function	Tie off decorative and utility stitches with just a push of a button. Four tiny tacking stitches reinforce patterns to prevent unraveling.
Speed Control Lever	Slide the lever on the front of the machine to set the sewing speed from slow to fast. When the foot pedal is used the lever functions as a top speed limitation when sewing and embroidering.
Electronic Auto Pilot	Unplug the foot control, press the start button and the machine sews. You are still in complete control over the speed—just slide the speed control lever to the desired speed when sewing and embroidering.
Up to 7mm Stitch Width	Many stitches can be set for a maximum width of 7mm creating attractive satin and decorative stitches.

SEQS-6000

Feature	Benefit
Automatic Tension	Ensures stable straight stitch quality regardless of the type of fabric.
Automatic Presser Foot Pressure	Easily sew the lightest weight tricots to the heaviest denim without the need for presser foot pressure adjustments.
Extra-High Presser Foot Lifter	Offers more clearance when sewing multiple layers of bulky fabric.
Free Arm Convertible	This option provides easy access to cuffs, collars, pant hems and other smaller or difficult-to-reach areas.
Embroidery Feature	Embroidery Benefit
Connects Directly to the Computer via USB Cable	By using your own PC this unique innovation gives you the same capabilities of other embroidery machines at a fraction of the cost.
125 Built-In Embroidery Designs	Select from built-in designs including animals, flowers and more.
5 Popular Fonts for Monogramming	Select from 5 built-in fonts: Arial Large, Block Large, Courier, Script 2 and Times Large. Letters can sized, rotated and shaped with 30 lettering frames such as arc, banner, wave and more.
Design File Compatibility	Automatically reads most embroidery design file formats. Download designs from the Internet or work from a collection on a CD or disk.
10" x 6" Hoop with Multi-Hoop Capability	Our largest hoop ever! Large multiple hoop embroidery designs can be easily created on screen providing the sewer with the capability to precisely match stitches and designs. The triangulation method allows you to create designs up to four times the hoop size so your possibilities are endless.

SEQS-6000

Feature	Benefit
Basic Editing Software	The built-in embroidery designs can be easily edited for customization.
Design Browser	Lets you view several designs at one time in order to scroll through and view entire design collections.
Built-In Tutorials	Step-by-step tutorial to help even a beginner with using the embroidery features of the machine.
Four Design Transmission Methods	The design can be sent one color block at a time, the whole design can be sent at one time, the design can be sent in one color or the color sequence can be chosen during data transmission.
Auto Feed Dog Drop	Feed dogs automatically lower when the embroidery unit is attached.
Embroidery Block Indication and Selection	Sew all of one color for a design at the same time. Reduces the number of thread changes for each design.
1 Degree Increment Rotation	Rotate embroidery designs in increments as small as 1 degree for precise positioning.
Automatic Software and Firmware Updates	The latest software and firmware enhancements can be downloaded automatically.
Trace Design	Trace the outline of the design in the embroidery hoop for more accurate design positioning on your projects.
Warranty	Limited 25-year warranty including 5-year electronic components and 1-year adjustments
