

Wood Pellet Early Buy Order Form

We are offering our pellet customers an opportunity to save money and ensure pellet availability by purchasing fuel for the next heating season in advance. As with many aspects of life, the availability of pellets this fall is uncertain, but we are able to offer them now. Accordingly, we know, pellet prices **will increase** this fall. Please plan ahead for your heating needs.

The Early Buy price for Sommerset is **\$4.95* per bag or \$247.50* per skid** (50 bags).

**Please add 7.25% sales tax to your order. (one skid = \$265.44)

I am ordering _____ Bags x \$4.95 = \$_____ + 7.25% sales tax of \$_____ = Total Order \$_____

Please complete and return this form with payment to Creative Fires on or before June 13, 2020. Pickup arrangements must be made and pellets picked up within 2 weeks at of notification. This change in pickup will allow us to serve more early buy customers as we have limited storage space and prefer not to store pellets outside.
