SBA Offers Disaster Assistance to Kansas Businesses and Residents Affected by the Flooding

SACRAMENTO, Calif. – Low-interest federal disaster loans are available to Kansas businesses and residents affected by flooding that occurred June 22 - July 6, 2019, announced acting Administrator Christopher M. Pilkerton of the U.S. Small Business Administration. SBA acted under its own authority to declare a disaster in response to a request SBA received from Gov. Laura Kelly on July 24, 2019.

The disaster declaration makes SBA assistance available in Butler, Chase, Dickinson, Harvey, Marion, McPherson, Morris and Saline counties.

“SBA is strongly committed to providing Kansas with the most effective and customer-focused response possible, and we will be there to provide access to federal disaster loans to help finance recovery for businesses and residents affected by the disaster,” said Pilkerton. “Getting our businesses and communities up and running after a disaster is our highest priority at SBA.”

“Low-interest federal disaster loans are available to businesses of all sizes, most private nonprofit organizations, homeowners and renters whose property was damaged or destroyed by this disaster,” said SBA’s Director Tanya N. Garfield of the U.S. Small Business Administration’s Disaster Field Operations Center-West. “Beginning Tuesday, August 6, SBA representatives will be on hand at the following Disaster Loan Outreach Center to answer questions about SBA’s disaster loan program, explain the application process and help each individual complete their application,” Garfield continued. The center will be open on the days and times indicated below. No appointment is necessary.
