

## **Specialty Badges, Emblems & Decals 1920's - 2011**

**We build our collection with specific goals in mind. One of those is to build a comprehensive group of machines with the specialty badges, plaques, and decals found on sewing machines made dating from the 1920's thru today. We keep searching.....**

**The attached photos of those we've added to our group, identified with the asterisks. We hope these pictures help you while you're browsing the internet or the thrift stores and garage sales....Good Luck....let us know how you do!**
