

## *Nova's® Featherweight 221 Maintenance Workshop Supply List*

This is a maintenance workshop for functioning sewing machines, not a repair workshop for machines that are not functioning well. If your machine is not sewing well, you will need to schedule a time with me prior to the class for me to repair it.

There is a limit of one machine per student per class session.

All people present must be paid students. No unpaid 'auditors' are allowed in the workshop.

✓	Item	Available for purchase from Nova at workshop?	Comments
	Singer Featherweight 221 (or 222K) with foot controller	No	If you own multiple machines, select a black or tan one for the class (white machine is fine if that is the only one you own). Please note that this workshop is <u>not</u> intended for the modern, plastic, Singer Featherweight II.
	Nova's Motor Lubricant	Yes	<b>No</b> substitutes
	Needles	Yes	Size 12 or 14, Schmetz preferred, bring what you normally use for piecing
	Cotton thread	Yes	2 colors preferable (same brand / weight); one for top, one for bobbin
	Empty bobbin	Yes	
	Screwdrivers	Yes	If they came with your machine – correct sizes important
	Hemostat or Tweezers	Yes	Hemostat available for purchase
	Gear cleaning brush	Yes	
	Scraps of fabric	No	To sew out machine
	Thread snips or scissors	Yes	
	Paper for note taking	No	
	Old, <b>soft</b> bath towel	No	
	Tabletop light	No	Like Ott lite – this is <b>not</b> optional as lights will be dimmed for PowerPoint presentation
	Small, powerful flashlight	Yes	Headlamps are <b>not</b> allowed in class
	Apron to protect clothing	Yes	
	10' – 15' electrical cord <u>with ground</u> & multiple outlets (power strip)	No	Not needed for workshops in Huntsville, TX
	Safety glasses	No	Recommended as precaution

It is suggested that you leave rings, bracelets, etc. at home. Your hands will get dirty in this workshop.

**NOTE:** I carry several parts and accessories for Featherweights that I will have available for purchase at class. Workshop fee does not include parts and accessories for your machine. Payment can be made by cash, check, or credit card. Outside parts will not be installed in class.
