

Nova's Featherweight 221 Maintenance Workshop Supply List

This is a **maintenance** workshop for functioning sewing machines, not a repair workshop for machines that are **not functioning well**. If your machine is not sewing well, you will need to schedule a time with me prior to the class for me to repair it.

There is a limit of **one** machine per student per class session.

All people present must be paid students. No 'auditors' are allowed in the workshop.

✓	Item	Available for purchase from Nova?	Comments
	Singer Featherweight 221 (or 222K) with foot controller		If you own multiple machines, select a black or tan one for the class (white machine is fine if that is the only one you own). Please note that this workshop is <u>not</u> intended for the modern, plastic, Singer Featherweight II.
	Nova's Motor Lubricant	Yes	
	Needles	Yes	Size 12 or 14, Schmetz preferred, bring what you normally use for piecing
	Cotton thread	Yes	2 colors preferable; one for top, one for bobbin
	Empty bobbin	Yes	
	Screwdrivers	Yes	If they came with your machine
	Hemostat or Tweezers	Yes	Hemostat available for purchase
	Gear cleaning brush	Yes	
	Scraps of fabric		To sew out machine
	Thread snips or scissors	Yes	
	Paper for note taking		
	Old, soft bath towel		
	Tabletop light		Like Ott lite – this is not optional as lights will be dimmed for PowerPoint presentation
	Small, powerful flashlight	Yes	
	Apron to protect clothing	Yes	
	10' – 15' electrical cord <u>with ground</u>		Not needed for workshops in Huntsville, TX
	Safety glasses		Recommended as precaution

It is suggested that you leave rings, bracelets, etc. at home. Your hands will get dirty in this workshop.

NOTE: I carry several parts and accessories for Featherweights that I will have available for purchase at class. Workshop fee does not include parts and accessories for your machine. Payment can be made by cash, check, or credit card; however, cash or check will speed up the checkout process at the end of the workshop.
