

My name is Bev Remillard - I'm honored you've asked me to prepare a custom quilt for you. First of all I only prepare MY quilt designs, so my custom design service applies to any of my published designs with the exception of color or size Or custom designs made for you. I do not custom prepare quilts from other designers.

As a designer, my quilts are my babies and I love choosing the fabric and designing the quilt, so what I offer is a custom design of one of my quilts or a design specially prepared for you! I prefer choosing the fabric as I am also aware of the best color values and print design for quilt placement. I also consult with you for color choices of course. If you provide the fabric, my fee is \$270 which includes the quilting. If I provide the fabric the cost would be \$350.00 for a 45" square quilt or less. If you are looking for a larger quilt the price is as follows.

| Quilt Size | My Fee | Plus Fabric |
|-------------------|----------|-------------|
| Large Lap 52 x 70 | \$350.00 | \$100.00 |
| Twin | \$375.00 | \$125.00 |
| Full/Queen | \$425.00 | \$150.00 |

Making a custom design quilt is a pleasure for me to share with you, so I will do everything I can for you satisfaction, however I should warn you in interest of time I allow for 4-5 conversations between you and I as follows:
