Let me introduce myself...

Loving romance and quilting encompasses it all for me, I'm naturally drawn toward pretty, tasteful and romantic fabrics, which inspires me to design with the same charm and grace displayed in the fabric. I love colors of all hues and florals are my favorite and every once in a while I brake out of my box and play with brights, batiks and geometrics.

Making quilts and designing patterns is such a passion I turned it into my business. Over the past 15 years I have been able to produce quilts of varying ability and challenges, which have been a joy to make. I'm usually working on about 5 projects at a time, you know one leads to another....

Teaching is also an important part of my life – I truly enjoy watching other quilters explore color, patterns and designs and consider myself blessed to see their finished beauty.

All my lectures include an element of romance with beauty with an emphasis on color or technique. I look forward to speaking and teaching with your group – thank you for the consideration, Bev Remillard

Lecture

Dresdens Party

This lecture concentrates on the fun of dresdens and not just ordinary dresdens. My lecture on dresdens covers the simplicity and variety of different dresden shapes and projects. I display a full collection of projects and finished quilts for inspiration. I've been very blessed with an eye for color and I take chances with the combinations of patterns. The best party comes with great ideas and plenty of color, my focus is on the challenges of choosing the right fabrics, colors, patterns, etc for a project, the insights I share will help all to have fun. I bring my published book called Dresden Dreams Sampler, available for sale, with my 2nd book called "Dresden Party" newly available for guild members as a discounted price. I love to include the guild group in my discussion while sharing a large group of samples and designs.

The fee for this lecture is \$400.00

Workshops

I love to teach workshops with guild friends, they are so interesting and fun to spend the day with!! My workshops are all day classes – generally 6-8 hours. I prefer a minimum of 10 participants and can max at 20. If necessary to go higher than 20, there will be an additional fee of \$10 per person. Please ask for a volunteer to be an administrator and helper.

Workshop Fee: \$400.00 6 Hours (Includes a lunch break)

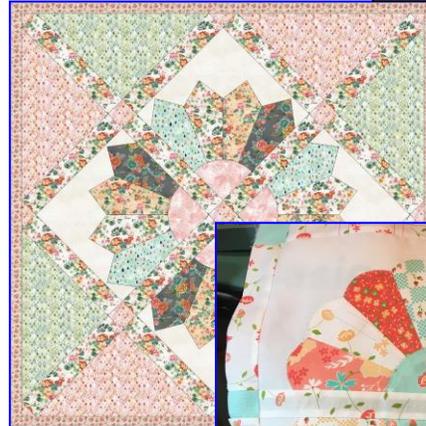

One day workshop -Dresden Party

Our workshop time will be filled with fun and creative ideas and the variety of projects will be just like a party. The following designs are best for workshop time frame but the guild members will have an opportunity to work on additional projects based on time. We will spend time relating color values beyond the light, medium and dark and truly show how to use patterns and precuts in the quilt that they might never have thought of before. I will demonstrate all these designs and kits will be available, plus a new project called "Circus".

Workshop Fee: \$400.00 8 Hours (Includes a lunch break)
