Please Read! T-Shirt Preparation Directions and Other Important Information

- ❖ Wash all T-shirts together in 1-2 loads (depending on number sending) with a Shout Color Catcher.
- ❖ Use Blue Painters tape (it won't damage T-shirt designs) to put an X over any designs you DO NOT want used in the quilt. I will use all designs not X'd out.
- ❖ Use Blue Painters tape on shirts with multiple prints to place a square marking a specific design you want used.
- ❖ Use Blue Painters tape to make any specific notes about a design you want just a portion used.
- ❖ If you've written any notes on the Painters tape be sure it's dry before folding and stacking your T-shirts.
- ❖ When needed I may use pockets and necklines in your quilt. If you DO NOT want these used in your quilt, please make note of this in the Special Instructions.
- ❖ If you have a special request for a particular T-shirt (for example you want a specific design near the center of the quilt) write the request on Blue Painters tape and stick it to the T-Shirt. Please limit the number placement requests as this limits my flexibility when arranging the designs.
- ❖ Stains: Typically stains on T-shirts will be included in the quilt if they fall within the cutting lines. But if there is a stain that you don't want in the quilt, mark that area with blue painters tape. On the tape write what you want done - say remove or avoid if possible. If you ask me to remove the spot, the area in question will be cut out and a piece of matching fabric will be used to fill in the hole. If you ask me to avoid the spot I will try to cut the T-shirt block not to include the stain. But I tend to want to center the design on the block rather than have it off center. Having the design off center will often be more noticeable than leaving the stains.
- ❖ A separate order form is required for each quilt. Though you can mail all the T-Shirts in the same box, just place the T-shirts for each quilt in separate plastic bags with their order form. I will not mix up your T-shirts, but if they arrive mixed up I have no way of knowing which shirts go to which quilt. Please be sure all T-shirts are in the correct bag for the appropriate quilt.
- ❖ If you're concerned you'll have too many t-shirts for the size of quilt you want, put a stack of the least wanted T-shirts in a separate plastic bag and include a note that those T-shirts are to be used only if needed to make the quilt the size you want. Any whole or uncut T-shirts will be returned with the quilt.
- ❖ Once you've laundered and marked your T-shirts as needed. Fold neatly and place in a large plastic bag and tape or seal closed to protect the shirt from shipping damage, loss if the box is damaged, or weather events. Place shirts in an appropriately sized box, DO NOT over stuff your box, this can cause the box to bust open and T-shirts to be lost. If the box is too big fill with packing materials (no foam peanuts please) to keep the box from being crushed during shipping. Tape with packing tape and ship via your preferred shipper (USPS Priority Mail, UPS, FedEx).
- ❖ Please email me at info@littlepinkrose.com before mailing your t-shirts to reserve time for your quilt on my schedule.
- ❖ Ship to the address at the top of the Order Form, once you've received schedule confirmation from me.
- ❖ See Below for Quilt pricing.
- ❖ Pricing includes everything except the cost of shipping the T-shirts to me. Pricing includes:
 - Backing, Batting, & Binding
 - Borders if ordered
 - Return shipping with Insurance and Signature Delivery (I require a signature so that the mail carrier cannot leave your package on the doorstep where it can be stolen or damaged by rain.)
- ❖ Please contact me with any questions you may have.

All sizes and prices are approximate. Your quilt size and price will vary depending on the sizes and number of designs included, size of any borders, and the overall complexity of the quilt. After your quilt is finished I will figure the actual costs for your quilt and send you an updated cost for final payment.

Baby Clothing Quilt Pricing

- Simple Baby Clothes – At least one block is cut from each item of clothing and puzzle pieced together just the T-Shirt quilts. While these quilts appear simple the clothes are quite fidgety to work with and take great skill to pull together, which is why the price is higher than a T-shirt quilt. The simple baby clothes quilts do not include the applique or sewing down of items such as necklines, collars, bibs, hats, socks, outfits or other items.
- Complex Baby Clothes – Use one block from each item, but these blocks may include zippers, buttons, bows, collars and other adornments. These can also include entire outfits, dresses, socks, soft shoes, bibs, hats and bloomers, giving a 3-D feel to the quilt. These quilts are difficult to create thus the higher prices.
