

Accuquilt Die of the Month Supply List--July

You will cut and make one block. Each layout uses the same block elements; they are arranged differently to create the different blocks. You choose which one. We will only cut and sew one block in class.

5 fat quarters

I used: 2 lights 1 medium and 2 darks

Thread to match for construction. I like Quilter's Select 60wt but you can use Aurifil 50wt or Metler Metrosene 50wt

Microtex needle size 12 or 14

Quilting pins, I like Magic Short Fine Point and the Magic Fork pins

Sewing machine in good working order, with ¼" piecing foot with guide.

Single hole throat plate (straight stitch plate) is best for these small pieces, so if you have one, bring it!

Thread snips

Seam gauge for checking your ¼" seems is helpful

PLEASE note you will be cutting and sewing ONE block.
