

T-Shirt Quilt Prep Class Part 1

This is not a full quilt project. It will be a small square of 4 shirts for sample.

Bring 4 T-shirts that you do not want to add to any quilt top you are making.

12.5" x 12.5" square ruler OR 10" x 10" square ruler

2.5 yards of French Fuse—this is extremely important and can be purchased at Denton Sewing Center

Iron and pressing pad or wool mat with applique pressing sheet (a mini iron is not going to work well with this project) I will have one set up in the classroom. However, if you have one please bring it as I don't want to have anyone waiting for an iron to slow down instruction time.

Sewing machine

Power cord/foot control

Regular presser foot

¼" foot with or without guide (as long as you are familiar with using either style)

Rotary cutter

Cutting Mat

2 empty bobbins

Good quality Sewing thread (Guetterman, Mettler, Aurifil, Isacord, Quilters Select) **no** Dual Duty, Coats and Clark, nothing from Walmart, Hobby Lobby or bargain bins.
