

ITH Costmetic Bag: Supply List

Fabrics needed:

- 1 roll Kimberbell faux leather (one roll will make one bag)
- 1 fat quarter good quality cotton cut into the following lengths: 11x8 for lining back, 11x5 for lining front bottom part, 11x3 for lining front top part. Fuse the lining fabric with fusible vinyl. This is optional but

makes a very nice bag.

- Heat n Bond fusible vinyl (again, this is optional)
- Polyester zipper at least 12 inches long to match leather

Notions:

- Size 90/14 Floriani Chrome Embroidery Needle
- Floriani Poly embroidery thread to match/contrast with leather
- Floriani No Show Mesh lightweight cut a way stabilizer—you'll need enough for 2 hoopings
- Tweezers
- Thread snips
- Fabric scissors
- Precision Turning Tool
- USB stick for transferring design
- Embroidery machine with at least a 6x10 (160x260mm) embroidery field
- 6x10 or larger embroidery hoop
- Power cord and embroidery foot

Prior to class:

Please have the lining fabric cut into the lengths listed above.

Please have the fusible vinyl (if desired) fused to the lining.
