SPATULA AND HOOK SET CASPHK1

The Brother ScanNCut Basic Tool Set gives you two tools. The ScanNCut Spatula will help precisely lift cut designs from the ScanNCut Cutting Mat with ease, given its thin, sleek metal shape. The angled shape of the spatula will help to minimize tearing and curling of the cut material. The ScanNCut Precision Hook Tool (weeder) is perfect for removing tiny cuts from paper, fabric, and other various materials. The hook (weeder) is also great for punching out negative pieces of vinyl and iron-on transfer material from the carrier sheet. (Note: Tip of metal hook is sharp.) It can be used many times.

- Premium quality, designed for use with cutting machines.
- Includes: Spatula and Precision Hook Tool.

SCRAPER CASCPI

Use this versatile tool to easily remove the cutout from your cutting mat or to apply cut designs to smooth surfaces and firmly secure them.

This is a great complement to the Brother Spatula and Hook set.
