'Tis the Season at The Fabric Patch

www.fabricpatch.net

THANKFUL

Hello friends!!

Such a wonderful time of year as we prepare to spend extended time with family and plan more holiday sewing than what is reasonable to complete before Christmas Eve.... but that's every year right? It's so rewarding to plan fabrics and projects for those we love, and to keep them in our hearts and mind while we sew.

If you still on the fence about projects or ideas... we have some of our quick favorites suggested below.

Join us for FabriChat on Wednesdays and box openings to see additional tricks, tips and projects as we share inspiration and ideas for the holiday season.

See you soon!!
