Sewing Experience: Perfect for a Beginner

Pattern: Begonia Drawstring Backpack by Blue Calla Sewing Patterns

To purchase and download pattern go to:

Fabric: 1/2 yard for exterior - select quilt weight cotton

3/4 yard for lining - select quilt weight cotton

Note: If you want the front upper panel or the front lower panel to be a coordinating fabric, you need a piece of fabric that measures 14 x8 for each section. If you want another coordinating fabric for the exterior back, you will need a piece that is 14" x 13". If you want it all the same, just get 1/2 yard for your exterior fabric.

Cork for the Bottom: You need two pieces that measure 15" x 5". You can substitute vinyl for the cork.

Interfacing: 2 yds of woven fusible interfacing - Shapeflex (Pellon SF101), Bernina has it. Or use Wovenfuse, a woven interfacing similar to Shapeflex that is 45" wide.

Find Wovenfuse at www.gotinterfacing.com

Zipper: Select a #5 handbag zipper that is 12" or longer with a double slide

Needle: 80/12 or 90/14

Thread: Polyester 40 wt - Mettler. Choose color to match fabric for topstitching.

Machine Feet: zipper foot, a 1/4" foot or a general purpose foot

Other Supplies:

Double side adhesive tape such as Wonder Tape - useful for zipper installation

Pins and wonder clips, seam ripper, scissors, snips, rulers, etc

Rotary cutter and cutting mat

Small iron and pressing mat is helpful

That's it. It's an easy bag to put together. I think you will be happy with the finished result. I'll bring all necessary sewing notions to help you if you are missing something. I'm looking forward to helping you make this bag!

Class registration policy: All classes must be paid for at the time of registration. If a class is cancelled due to a lack of minimum enrollment, the class fee will be refunded. Any cancellation must be made at least 72 hours in advance to receive a refund. Teachers need time to prepare class handouts and supplies. Please register early as possible to ensure your place and to avoid disappointment. Please have working knowledge of your machine as the educator will not have time to instruct on the use of your machine.
