

## Water fall quilt

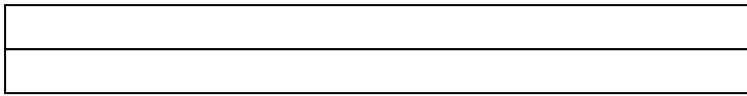

### Spinning Mon Designs

#### Materials

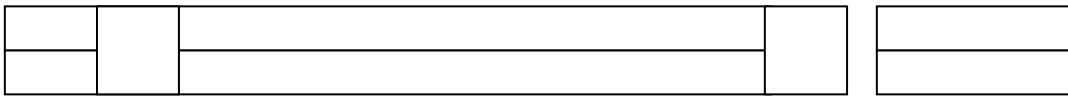

- 1 - Jelly roll and charm pack from the same collection. I used Rainbow batiks from Moda.
- Thread to blend

#### Sewing

Sew the jelly roll strips together in sets of 2. You can press to one side or press open. Make 20 sets.

Cut the strip sets in 2 places. Do this one set at a time. Sew in a charm square between the cuts.

Try to be random with your cutting. When you have all the sewing of the charms squares done, then sew the units together in pairs. Check your charm placement. Try to not to have them directly matching. At this point it is easy to change things around. Press the strips as you sew them to keep the “rainbowing” to a minimum. Keep adding the 2 strip units until the quilt is together. Quilt, bind and enjoy.
